

RI TRANSPARENCY REPORT

2020

Funds For Good S.A.

About this report

This report is an export of the individual Signatory organisation responses to the PRI Service Provider Reporting Framework during the 2020 reporting period. It shows your responses to mandatory indicators, as well as responses to voluntary indicators that your organisation has agreed to make public. You will be able to access the public RI Transparency report of your organisation and that of other signatories on the [PRI website](#).

The information is presented exactly as it was reported. Where an indicator offers a response option that is multiple-choice, all options that were available to the signatory to select are presented in this report. Presenting the information exactly as reported is a result of signatory feedback which suggested the PRI not summarise the information. As a result, the reports can be extensive. However, to help easily locate information, there is an **Index** which highlights where the information can be found and summarises the indicators that signatories complete and disclose.

Understanding the Index

The Index summarises the response status for the individual indicators and modules. It can be used by stakeholders as an 'at a glance' summary of reported information and to identify particular themes or areas of interest.

All indicators within a module are presented below. The status of indicators is shown with the following symbols:

Symbol	Status
✓	The signatory has completed all mandatory parts of this indicator
☑	The signatory has completed some parts of this indicator
🔒	This indicator was not relevant for this signatory
-	The signatory did not complete any part of this indicator.
🔍	The signatory has flagged this indicator for internal review

Within the table, indicators marked in blue are mandatory to complete. Indicators marked in grey are voluntary to complete.
